INTERNSHIPS  
AT MOORE EAST MIDLANDS

**Natalie Ellis, Director of Resources,**  
Moore East Midlands

## **YOUR CHOICE TO BE MOORE**

“Welcome to your starting point of discovering what’s possible from a paid internship at Moore East Midlands.

At Moore, we offer year-long placements for undergraduates in their penultimate year at university.

In this brochure, you’ll find out all about our internship/placement programme, hear from some of our recent interns and learn more about life at Moore.

We wish you the best of luck, and hope to welcome you to Moore in the near future.”

## **INTERNSHIP PROGRAMME**

An internship with Moore is a unique opportunity to get hands-on experience into the world of accountancy before you commit to a graduate training scheme.

Placements typically last around 11 or 12 months, and are ideal for students who need to complete a placement as part of their degree.

You’ll get a lot of responsibility early on, so you’ll be able to develop your skills and knowledge at a faster pace than you might do elsewhere.

With our internship programme, you’ll have the opportunity to work across different departments so you can get a flavour of everything we do. Working alongside our trainees and experienced professionals, you’ll learn about what it takes to audit a business, prepare a set of accounts and file a tax return.

You’ll be working on real projects for real clients across a variety of sectors including manufacturing and engineering, retail, construction, education and much more. The breadth of experience you’ll get means you can really develop the skills you need in your future career.

And it’s not just about work. As part of our internship programme you will be able to attend regular internal learning and development courses as well as social and charity events that take place throughout the year.

An internship is your opportunity to experience work and life at Moore and gain a valuable insight into our business and culture - so you can find out first-hand if this is the career for you. And if you do well, you could end up with a permanent role when you graduate.

## MOORE PEOPLE

We asked one of our recent interns to tell us more about the experience.

Name: **Aaron Patel**

Course: BSc in Mathematics and Accounting and Financial Management at Loughborough University

“Working for Moore has been a thoroughly enjoyable experience. The team have been fantastic and very supportive – there’s always someone on hand to answer any questions you might have.

“You’re given a great deal of responsibility and the work is varied and challenging. During my year at Moore, I have spent time in the tax, audit, and accounts departments working on a variety of different tasks including preparing tax returns, going out on audit at clients’ premises and preparing client accounts. The opportunity to work across three different departments has been really valuable in helping me to decide which area of accountancy I would like to pursue after I finish my degree.

“My placement has allowed me to apply the knowledge gathered from the modules in my course and given me a wider skill set which will put me in good stead when I return to university.

“One of the things that surprised me about working for Moore was the social side. There have been so many social events I’ve had the chance to be a part of – from football and cricket matches and the Summer family BBQ to bowling and Escape Room nights, and I was part of the winning team in the annual Peterborough Cathedral Pancake Race!

“And the best moment of my time here so far is hands down the Moore Christmas Party. To celebrate what is the most wonderful time of the year with your friends is something quite special.

“I can unquestionably recommend an internship with Moore- it’s a brilliant environment to learn in.”

## LIFE AT MOORE

Moore is not all about work. We want our staff to find the right work/life balance and develop close relationships with colleagues.

### CORPORATE SOCIAL RESPONSIBILITY

Charity and community work is encouraged, both within and outside of the office.

Moore has a dedicated charity team who organise a variety of fundraising events for our charity of the year. In addition to the usual raffles, quizzes and dress down days, other recent events have included a round-the-office Easter Egg hunt, a 'pizza and bingo' night, a rugby World Cup predictor, a Moore bake off and a charity car rally.

We also encourage staff to play an active role in the local community. Externally, our people take part in a number of different

community and charity activities, including supporting local churches, mosques and schools, and taking part in numerous physical challenges to raise money for charity.

### SOCIAL EVENTS

Moore is a sociable place to work. Highlights have to be our annual Christmas party and summer family BBQ but there are also regular quiz nights, welcome lunches for new starters, and team building events such as go-karting or an Escape Room.

## MOORE PEOPLE

We asked one of our recent interns to tell us more about life at Moore.

Name: **Daniel Darlow**

Course: BSc Management Sciences at Loughborough University

“Working at Moore has been an extremely valuable experience, thanks to the fantastic team – all of whom have been very helpful and supportive.

“During my internship, I have worked across a variety of departments learning the role of an accountant inside and out. I have been given a great level of responsibility across all accounts, which has really pushed me to develop my skillset further.

“One of the best things about working at Moore, is undoubtedly the people. Everyone has been so welcoming and willing to invest time in my learning and development. Their help and support has really allowed me to grow as an individual and the team spirit in the office, has made coming into work enjoyable.

“Over the past year, I have been given so many opportunities at Moore. The work has been both interesting and challenging but with the help of my colleagues, I have gained valuable skills and knowledge of the accountancy profession.

“I wouldn't hesitate to recommend an internship at Moore to anyone considering a career in accountancy.”
